## Who We Are

Roberson & Associates Insurance, Real Estate & Investments, Inc. was established in Benton, Arkansas in 1987. Our vision at that time was to establish a reputable independent insurance agency that would carefully and professionally meet the insurance needs of the people of Saline, Hot Spring, Garland, Pulaski and other surrounding counties. Since that time, we have met and exceeded our goal.

## What We Do

We have grown into an operation that is large enough to provide all of your insurance needs and services, but have remained small enough to provide the personal attention that you, as a customer, deserve. Our business is now in its 23rd year of operation.

We partner with many of the best insurance companies in the marketplace. Being an Independent Insurance Agency, we have several choices when forming your insurance portfolio. This allows us to get the best product for your specific needs at the best price. Whether you need to insure your home, autos, boat, RV, ATV, motorcycle, mobile home, life, health or business, we have someone in our office at all times to help no matter what the need.

We want our customers to feel comfortable and confident that we will respond to them in a quick and professional manner; especially when there is an emergency. In our agency we handle all lines of Personal and Commercial insurance. In addition, we have a subsidiary, Church House Insurance, which handles our niche market of providing the best church insurance protection available on the market.

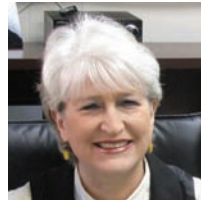

*"We pride ourselves in finding coverage for most any company and any exposure. That's a promise!"*
